NEW STAY LAW.

AN ACT SUSPENDING THE CODE OF CIVIL PROCEDURE IN CERTAIN CASES.

SECTION 1. *The General Assembly of North Carolina do enact*, That all civil actions shall be commenced by the issuing of a summons.

SEC. 2. The summons shall run in the name of the State, be signed by the Clerk of the Superior Court of the county having jurisdiction to try the action, and under the seal of the Court, and shall be directed to the Sheriff of the county in which the defendant resides or may be found. It shall be returnable to the regular term of the Superior Court of the county where the plaintiffs, or one or more of them, or the defendants reside, and shall command the Sheriff, or other proper officer, to summons the defendants to appear at the next ensuing term of the Superior Court and answer the complaint of the plaintiff, and shall be dated on the day of its issue.

SEC. 3. The officer to which the summons is addressed, shall note on it the day of its delivery to him, and shall execute it at least ten days before the beginning of the term to which it shall be returnable, and shall return it on the first day of the term.

SEC. 4. The plaintiff shall file his complaint in the Clerk's office on or before the third day of the term to which the action is brought; otherwise the suit shall, on motion, be dismissed by the Court at the cost of the plaintiff.

SEC. 5. The defendant shall appear and demur, plead or answer at the same term in which the summons shall be returnable, otherwise the plaintiff may have judgment by default, as is now allowed by law.

SEC. 6. The plaintiff shall join in the demurrer or reply to the answer at the same term at which such demurrer or answer may be filed, unless the defendant move the Court for further time to make the defence to the action, in which case the Court shall grant to the defendant until the next term of the Court to make such defence as he may desire, and when in the opinion of the Court the pleadings are completed, the issues whether of law or of fact shall stand for trial at the next term succeeding the term at which the pleadings are completed.

SEC. 7. That all writs of summon in civil actions now in the hands of the Sheriff or Clerk shall be returned by said officers to the next term of the Superior Court, and such writs, together with all writs of summons in civil actions heretofore returned in which no final judgment has been rendered, shall be placed by the Clerk on the docket of the Superior Court at the next ensuing term, and the pleadings in such actions shall be conducted according to the rules prescribed in this act. *Provided*, That all civil actions in which issues have been joined shall stand for trial at Spring term, 1869. *Provided further*, that issues of law or fact which have been joined in pursuance of laws and ordinances heretofore passed and known as "Stay laws" shall be considered as having been illegally joined, and all such actions shall be placed upon the appearance dockets at Spring term, 1869, by the Clerks of Superior Courts, and the pleadings therein shall be made up and issues joined at such term as provided in this act, unless in any county the time of said term shall have passed, in which case such action shall be placed upon the trial docket at Fall term, 1869.

SEC. 8. No sale of any property, real or personal, under executions issued from any Court in the State, shall be valid to pass title, unless the property, whether real or personal, shall bring three fourths of the value thereof, and on return of such executions the sheriff or other officer shall make return of the amount bid for the same, and whether the amount was equal to three fourths of such value.

SEC. 9. In order to ascertain the value of the property exposed to sale, under the preceding section, it shall be the duty of the creditor and debtor each to choose one appraiser, who shall be a citizen of the county in which the property is situated, to examine and appraise the property to be exposed to sale under executions and shall certify such appraisement to the sheriff or other officer; and in case such appraisers shall not be able to agree upon the valuation of any property, they shall choose a third person, and the appraisement of the three or a majority of them shall be taken as the true value thereof, and in case either party fail to make the choice, the sheriff shall make the selections for him or them. Such appraisement, certified as before directed, shall be returned by the sheriff with the execution to the Court from which it issued: *Provided*, That no proceedings under this section shall prejudice the lien of any creditor, or discharge the Sheriff from any liability for the safe keeping of such property.

SEC. 10. That no property shall be sold under any deed of trust or mortgage, until the debts secured in said deed of trust or mortgage, are reduced to judgments according to the provisions of this act.

SEC. 11. All executions shall be tested as of the term next before the day on which they issued, and shall be returnable to the term of the court next after that from which they bear test: *Provided*, That no sale of property, under execution obtained at fall term, 1868, shall be made until thirty days before spring term, 1870.

SEC. 12. The provisions of this act shall not apply to proceeding by attachment.

SEC. 13. Nothing in this act shall operate to repeal the provisions of the Code of Civil Procedure, which allows defendants to be arrested and held to bail in certain cases.

SEC. 14. All laws and clauses of laws, inconsistent with the provisions of this act are suspended until the first day of January, Anno Domini, eighteen hundred and seventy-one; and this act shall be in force from and after its ratification, and shall continue in force until the first day of January, eighteen hundred and seventy-one.

(Passed March 18, 1869.)

RICH ORE IN NORTH CAROLINA.—Dr. Sam of Taylor showed to us a few days since specimens from a mine lately opened on his plantation a few miles from this city. Pieces of gold as large as a turkey snot could be seen sticking to the rocks. Altogether, this is the richest ore we have yet seen. He has developed the mine so far as to know that the vein is large, and the quantity of the ore almost inexhaustible.—*Char. Times.*

The lower House of the Maine Legislature, by a vote of 93 to 45, has refused to abolish capital punishment.

LIFE INSURANCE.

The Most Vigorous and the Most Liberal Insurance Company in the Country,

BROOKLYN LIFE INSURANCE COMPANY,
141 Broadway, N. Y.

ASSETS OVER
$1,000,000!

CHRISTIAN W. BOUCK.....President.
ABRAM D. POLHEMUS.....Vice President.
WILLIAM M. COLE.....Secretary.
D. P. FACKLER.....Consulting Actuary
DANIEL AYRES, M. D., LL.D...Med. Examiner.

POLICIES ISSUED AS GOOD AS UNITED STATES BONDS.

POLICIES VALUABLE IN LIFE AS AT DEATH!

The BROOKLYN LIFE is the only Company in the country which guaranties a definite surrender-value to every Policy on which two or more annual premiums have been paid; this amount, in dollars and cents, is endorsed on every Policy issued. Should any Policy-holder become unable to pay his premiums, he can thus know the cash worth of the Policy at any time after two annual premiums have been paid.

This certainly is the greatest inducement and most tangible advantage ever accorded to parties insuring their lives.

Among the advantages offered by the BROOKLYN, which thoroughly evinces the determination of the officers to make it the most LIBERAL Life Insurance Company in the United States, are:

1st TOTAL REMOVAL OF ALL RESTRICTIONS ON TRAVEL AND RESIDENCE. The Assured may travel or reside anywhere they choose, the world over, without extra premium or special permit.

2d A Loan of one-third of the Premium to the Policy-Holder Annually.

3d. All Policies are non-forfeitable after two full annual premiums have been paid.

4th. Rates as low as are consistent with financial soundness, and less than those of almost all Companies which accommodate their insured with loans.

5th. Dividends annually (after second year) in cash. Dividends are divided on the CONTRIBUTION PLAN—the only equitable manner of dividing the earnings of a Life Insurance Company. The Contribution Plan was first conceived by Mr. D. P. Fackler, now Actuary of this Company and has been adopted by most of the best managed Life Companies in this country.

The BROOKLYN LIFE has paid and now pays to its Policy-holders LARGER DIVIDENDS than ever before paid by a Life Insurance Company!

6th. Premiums only in paying losses.

7th. No charge for policy or stamp.

The success which the "BROOKLYN" has achieved, fully exemplified in its rapid and healthful growth, is a convincing proof of the confidence reposed by the public in its soundness, integrity and liberality.

THE SENTINEL.

JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, MARCH 17, 1869.

REPENTANT.

Our neighbor is on the stool of repentance. He is evidently waxing sorrowful for what he has done. He has said many hard things of the Southern people and specially of the whites of North Carolina. He and the "Governor"—we like to call him "Governor," it sounds "big," and it fits well—have made some sad representations of our people to the authorities in Washington in times past. The files of the *Standard* would "a tale unfold." They would reveal very bitter things said against the best people in this maligned and oppressed Commonwealth. But all that is past. Our neighbor has been weeping for his transgressions, and his days of mourning are over; he once more mounts his "high-horse" and goes blatherskiting through a half column about glo-ri-ous old North Carolina. Hear him:

"Our people are not unworthy of the great State they occupy and the great destiny which awaits them. Their nigh and noble stand for liberty in 1775, and their manly conception of the dignity of labor, compared with the miserable snobbing of some other Southern States, is much in their favor.

But there is something more grand and striking in the conduct of our people, which sheds the brightest glory on their annals. How, almost instantaneously after the boom of the last hostile gun was heard on the adjacent battlefields, the sword was turned into a ploughshare; how the soldiers of Lee and Jackson, ironized in war, and hardened in well nigh ceaseless conflict, laid down their animosities with the sword and weapons, and without mental reservation accepted in good faith the verdict of war.

Well, that is remarkably cool. We admire it. It is refreshing. The *Standard* at last eulogizing our people and applauding their conduct! What will it do next? It is all true—every word of it.—But it don't sound right in the *Standard's* mouth. Unlike the "Governor's" title, it don't "fit." We suspect badinage, for it has said the opposite so long and so often, that we are puzzled to know if it is not really poking a little fun at its readers. But our people do not need, at this late day, such a eulogy from such a pen. *Non tali auxilio, nec defensoribus istis tempus egit.* Our people have, indeed, acted grandly from the close of the war until now. Their submission to authority; their acquiescence without discontent, in the decision made by the sword; their silent bearing of oppression, and grievous wrong, and while sale vituperation and the greatest perversion of their patient endurance of insult and sincere obedience to law—all this has exhibited the true grandeur of our people in as conspicuous and favorable light as their heroic endurance and splendid courage, during the long and terrible war that swept over the fields and savannahs of the South, bringing fire and desolation to thousands of happy homes. *We* are proud, and have a right to be proud of our people.—In no respect have *we* conspired to bring degradation and ruin upon them; in no particular have *we* vilified our illustrious dead or illustrious living; in no way have *we* manifested a bitter and malignant spirit against the true manhood of the State; at no time have *we* dared to asperse the character of the fair, gentle women of North Carolina; never for one moment have *we* nurtured any feeling that was not for the good of our whole people; never has there been one throb in *our* heart that was not in harmony with what we conceived to be true patriotism and devotion to right; never has our prayer been offered up that was not for the benediction of Jehovah to rest upon "our own, our native land." And when we shall turn recreant to the best interests of North Carolina; when we shall conspire with her enemies to bring trouble into her borders and to send a thrill of agony or of indignation through out her virtuous house holds, may our tongue cleave to the roof our mouth, and our right hand forget its cunning.

VERY GOOD.

The N. Y. *Tribune* rather objected to Gen. Schofield's appointment as Secretary of War by President Johnson on the ground "that the civil service should not be supplied by men drafted from the ranks of the army and navy." Greely changes his tune suddenly when Gen. Rawlins is appointed to the same office and says:

"The appointment of General Rawlins to succeed General Schofield *gives universal satisfaction. Gen. Rawlins at present holds the position of chief of staff to the General of the Army, with the full rank of Brigadier-General.* This he will resign at once, and enter upon the duties of his new office."

The comment of the *World* upon this violent change is decidedly good. Here it is:

"*Hamlet*—Do you see yonder cloud that's almost in shape of a camel?

Polonius—By the mass, and 'tis like a camel, indeed.

Hamlet—Methinks it is like a weasel?

Polonius—It is backed like a weasel.

Hamlet—Or like a whale?

Polonius—Very like a whale!

Truly may Grant the Undecided conclude, with the not more undecided Prince of Denmark: 'They fool me to the top of my bent.'"

FRENCH-Y.

"Mr. French is well and favorably known to the people of North Carolina, and they will hail with pleasure his successful election to a position of great importance."—*Standard.*

Humbug, every word of it! The people of North Carolina neither know nor care anything for this seedy interloper. He sought office ten days after first standing upon our soil, and was beaten at last for Congress by a native scallawag. "Well and favorably known," "hail with pleasure," indeed! Ah, Mr. *Standard*, you won't do.

CHARACTERISTIC.

The complaint that Bill Arp makes of some editor, that "he don't vote fair," can be made with perfect propriety of the new Speaker of the U. S. House of Representatives, Mr. Blaine. He appoints seven out of nine persons who compose the Committee of Elections from his own party—the Radical. This is all very wrong for there are some twenty contested seats, and every body with the least knowledge of Radical unfairness, can prophesy who will be the fortunate ones. There are two contested seats from this State. Mr. Shober and Mr. Durham are now in Washington, but with such a Committee to investigate and report, they had as well pack up and come home at once. One Heaton, a carpet-bagger, who hails from this State, is one of the seven. Five of the Committee—all Rads—"come from States where there are contested seats." So says the reliable *National Intelligencer*. As is suggested, these five Rads can bargain with each other, and easily secure the success of the contesting Radicals. "You go for my man and I will go for yours." They will do this, we do not doubt. They are not too good. If Heaton is a specimen, look out Conservative contestants. Give up all hope. The line written over the entrance to the *Inferno* (*vide* Dante) with slight alteration might be placed over the doorway to the room of this Committee: "ABANDON HOPE ALL CONSERVATIVES WHO ENTER HERE." It would be as wise to expect mercy from a pirate or love from one who has injured you, as to expect justice and fair dealing from a Committee composed of such material and appointed under such circumstances.

QUESTION AND ANSWER.

"Some of the business men in Raleigh refuse to advertise in the *Standard*. Why?"—*Standard.*

Because of the course of the *Standard* in the past. It thought proper to offer the ladies of Raleigh, and of the State, the grossest insult that ever appeared in any paper published in any country, and the fathers, and brothers, and friends, resented the insult by withdrawing from it all pay and patronage. It was *not* because it was a Republican paper, that this was done. It was because it violated every propriety, and attempted to pollute the good name of the best and purest of our race, by its infamous suggestions.

Thank God, if the *Sentinel* is on "the shady side" of its existence, as the *Standard* asserted some days ago, it has not become so because it has outraged a correct public sentiment, or sought success by attacking virtue and refinement. Advertisers know where to find us in spite of an error that occurred in our notice. We thank them, one and all.

THE LEGISLATURE.

On Monday night, the bill to incorporate the Greensboro and Charlotte Air Line Railroad Company, failed to pass its second reading in the House, by a vote of ayes 17, nays 57.

In the Senate, on yesterday, a Committee was appointed composed of one from each House, and the Superintendent of Public Works, to investigate the affairs of the Chesapeake and Albemarle Canal Company. The Superintendent is not entitled to any *per diem*—the other two are.

The Relief Bill passed its third reading in the Senate. It had already passed the House. We publish it on our first page.

In the House, the Committee on Internal Improvements reported favorably upon the bill in relation to the Louisburg branch of the Wilmington & Weldon Railroad.

GEORGIA.

This State refused to ratify the XVth Amendment, by which negro suffrage was to be fastened upon her and the South. The *National Intelligencer* thus briefly and logically states a point which we heartily endorse. It says:

"The stand taken by Georgia, in refusing to ratify the fifteenth amendment is just and right, and, we think, well considered. She will gain nothing by subserviency nothing at all. Either she is, or she is not, a State in the Union. Congress has said, in a statute admitting her, that she has complied with all the terms of the reconstruction acts; and it is the truth. If not a State, she has no right to act at all on the amendment. If a State, then she has the same right of free agency as Ohio or New York."

ALARMED.—"A citizen" is alarmed and with good reason. In yesterday's *Standard* he says:

"Every interest is suffering for the want of revenue. I have just learned that one man in a city North of this has bought $40,000 in bonds of our State for 59. Millions more have, no doubt, been purchased at this low figure."

This is indeed a sad picture, and alas! too true. Radical corruption and incompetency have ruined the credit and character of the State. "A citizen" says "speculators are realizing a rich harvest at the expense of our State credit." He says if the Legislature delays much longer to pass a Revenue Bill, that "repudiation, disgrace, and ruin will be the result."

"Honest" John Ragland has been addressing the people of Granville at Henderson. His text, says the *Index*, was "*Beware of Northern men.*" A very good text indeed for a political discourse. Why did he not say at once, "Beware of Carpet-baggers?"

The various congregations in Wilmington (save the Episcopal) with their pastors, held a meeting on Sunday evening last, in the Presbyterian Church, for the promotion of the American Bible Society. Revend Messrs. Singleton, Daily, Hides and Wyche spoke, and a collection was taken up.

The Hanlons have pleased the Wilmingtonians by riding velocipedes through the streets.

Mr. Reuben King who was shot by ruffians, died on Sunday last. A ball passed through his lungs. He was one of the oldest and best esteemed citizens of Robeson county. He leaves a fortune of $300,000. His murderers are at large.

Mr. Daniel Kelley, of Brunswick county, was attacked by four men on Thursday night last, and robbed of his watch, pocket book, &c. They were armed and partially disguised. He thinks some of them were white.

Legislature of North Carolina.

HOUSE OF REPRESENTATIVES.

TUESDAY, March 16, 1869.

Pursuant to adjournment, the House was called to order at half past 7 o'clock.

On motion of Mr. Bowman, the rules were suspended and the bill in regard to proceedings before Magistrates, was taken up and passed its second reading.

Mr. Bowman moved to reconsider the vote just taken. Carried.

Mr. Bowman then offered an amendment providing that the operations of the bill shall not extend to proceeding by attachment or arrest and bail. Carried.

The bill then passed its third reading.

On motion of Mr. French, the rules were suspended and the bill to incorporate the Cape Fear Agricultural Society was taken up.

The question recurred upon concurring in the report of the Committee which strikes out section 2 of the bill appropriating $1,500. The yeas and nays were called and the House concurred in the report. Yeas 66, nays 8.

Mr. French then offered a substitute.

After quite a lengthy debate the whole matter was referred to the Committee on Agricultural, Mechanics and Mining, with instructions to report on Friday next.

On motion, the House the adjourned.

SENATE.

WEDNESDAY, March 17, 1869.

Mr. Hayes, on behalf of the Committee on Internal Improvements, made a report on the bill to enable the Chatham Railroad Company to complete its Road, with the following amendment, to section 2:

"That before the said Chatham Railroad Company shall make or sell any portion of the first mortgage bonds authorized by section 1 and 2 of this act, they shall deliver to the Public Treasurer a second mortgage upon all their estate, both real and personal, which they may have or may hereafter acquire, between the city of Raleigh and the terminus of said Railroad, at or near Chatham, S. C., said second mortgage bonds to be in all other respects, the same as the first mortgage bonds now held by the State bearing the same interest payable in the same manner."

Mr Forkner, from the same Committee, reported back the bill relative to the University Railroad.

Mr. A. J. Jones, from the Committee on Mining and Agriculture, reported back the bill to incorporate the New Hanover Laborers' and Farmers' Association. Favorably.

On motion of Mr. Barrow, leave of absence was granted the Senator from Bertie, for an indefinite period, from and after Monday next.

On motion of Mr. Hayes, leave of absence was granted Mr. Blythe.

Mr. Moore, of Carteret, gave notice of a bill to provide for the election of Commissioners of Navigation, &c.

Mr. A. J. Jones gave notice of a bill to empower the county of Brunswick to levy a special tax.

Mr. Davis gave notice of a bill to incorporate the Germania Land Company of North Carolina, to be located at Goldsboro.

Mr. Respass introduced a bill to improve the State Canal, leading from Lake Landing to Yaocking Creek, in Hyde county.

Mr. Sweet introduced a resolution providing for the pay of the Committee appointed to locate the Penitentiary.

John Hyman, colored, introduced a resolution, requesting the President of the Senate to instruct the different Committees to report on certain bills in their possession at an early day. The resolution passed, and the President forthwith made the request.

Mr. Respass introduced a resolution providing for a Joint Committee to investigate the affairs of the Piedmont Railroad Company.

On motion of Mr. Graham, it was ordered that the private Calendar be printed for the use of the Senate, next Friday night.

Bill entitled Proceedings upon Impeachment being read 2nd time,

Mr. Graham moved its postponement till 1st of Dec. next. Not agreed to, and the bill passed.

Mr. Cook introduced a resolution instructing the Adjutant General of the State to make a record of each officer and soldier who served in the late war, and to furnish such officer on soldier with the proper testimonial or parchment of his record, with such acts of gallantry as the U. S. Army record exhibits.

House bill in regard to *habeas corpus* read 3d time and passed.

Mr. Love called the attention of the Senate to the large amount of useless public printing which was being executed, and urged that some action be taken to stop the useless expenditure of the public money.

The school bill was taken up.

Mr. Welker offered a substitute, which was read.

On its adoption, Mr. Moore called the previous question, and the substitute was adopted. Yeas 31, nays 10.

On the final passage of the bill the yeas and nays were called, and resulted, yeas 30, nays 10.

Pending the consideration of the bill, an exciting scene took place in the Senate.

By leave, Mr. Love was explaining why he could not vote for the bill.

Mr. Moore arose to a point of order. He said Mr. Love was not confining himself to the subject before the Senate.

Mr. Love said, the Senator from Carteret knew nothing of the interest of the people of North Carolina, that he was a mere squatter here.

Mr. Moore, rising said, Mr. Love was a liar!

Mr. Love replied, you are a d—d liar, and a son of a b—h!

The President called the gentlemen to order, and directed the Clerk to take down the words of the Senators—which was done.

Mr. Forkner moved to refer the matter to a Committee of three. Prevailed.

Messrs. Forkner, Osborne and Barrow were appointed said Committee.

Many Senators made speeches, deploring the unhappy occurrence. Among them, the Reporter recollects, Messrs. Osborne, Hayes, Forkner, Robbins, Graham, Lassiter and Galloway, colored.

The revenue bill was then taken up and considered, by sections, up to the hour of adjournment—2 o'clock.

On motion of J. W. Leary, colored, the rules were suspended, and the bill to amend the charter of the Fayetteville and Florence Railroad Co., was taken up, ordered to be printed and postponed until Tuesday next.

SPECIAL ORDER.

The bill organizing the county of Grant out of portions of Mecklenburg, Cabarrus, Iredell and Rowan counties.

Mr. Sinclair presented a memorial from *certain persons* asking for the new county.

The Clerk read the memorial.

Mr. Sinclair argued in favor of the bill.

Mr. Whitley opposed the passage of the bill. He said that a large majority of the people living in the portions proposed to be cut off from those counties did not desire it. He moved to postpone the further consideration of the bill until the 3d Monday in November next.

Mr. Sinclair and Harris, of Wake, colored, opposed the motion to postpone.

J. S Leary, colored, favored the motion to postpone. He was opposed to taking up the time of the House in discussing such unimportant bills. He saw no reason why the poor should be taxed in order to maintain an increased representation on this floor, &c. All of the Representatives of the counties proposed to be cut up opposed the measure, and he did not see why a gentleman representing an extreme eastern constituency should interest himself so zealously in matters, purely local in the western portion of the State, &c. He was a Republican, and always expected to act with the Republican party, but would not pander to the greedy and selfish ambition of a few political aspirants, &c.

Mr. Gatling took the floor in support of the motion to postpone.

During his remarks he asked Mr. Sinclair that in case the new county was established did not he (Mr. Sinclair) intend to move there.

Mr. Sinclair refused to answer the question.

Mr. Gatling: Do you not, Sir, own property in the section in which it is proposed to establish the County.

Mr. Sinclair again refused to answer.

Mr. French next occupied the floor in opposition to the motion to postpone.

Mr. Durham asked him if he (French) did not think there were names by dozens and wenties on the petitions that were written in the same hand.

Mr. French replied that the Committee had not examined the petitions, &c.

Mr. Estes moved to lay the bill on the table.

The yeas and nays were called, and the House adopted the motion to table by a vote of yeas 52, nays 34.

On motion of Mr. French, the rules were suspended, and the bill to exempt property held by the Masonic fraternity from taxation, was taken up.

After some debate Mr. Pou moved to indefinitely postpone the matter.

Mr. Pou moved to amend by including in the provisions of the bill, Odd Fellows, Sons of Temperance, Friends of Temperance, Union Leagues and Ku Klux, &c.

A lengthy debate ensued, when, Mr. French called the previous question.

The call was sustained and the amendment was put to a vote and rejected.

The bill on its second reading was put to a vote and failed by a vote of yeas 48, nays 48.

Mr. Foster moved to reconsider the vote just taken.

Mr. Painter moved to lay that motion on the table. Carried.

By G. W. Price, colored: A bill for the better protection of Manual labor. Referred.

J. H. Harris, of Wake, colored, moved that when the House adjourn that it adjourn to meet at 10 o'clock to-morrow.—Lost.

By Mr. Gilbert: A bill in favor of J. D. Duncan, Sheriff of McDowall county. Referred.

Mr. French said that there would be a Joint Caucus of the Republican party in this Hall this evening, therefore he would move that when this House adjourn that it adjourn until to-morrow morning at a quarter past 10 o'clock.

Mr. Ingram said he was opposed to the motion. He had heard gentlemen frequently talk about wishing to adjourn *sine die* and go home, but from the frequency of the motions dispensing with evening session, he was forced to the conclusion that $7 per day, was too much of an object to a great many gentlemen on this floor, to be relinquished. He felt no hesitation in charging directly, that it was the $7 per day that was keeping this Legislature here so long &c. If the motion was pressed he would call the yeas and nays.

Mr. Pou and Leary colored, also opposed the motion.

After some further debate Mr. French withdrew his motion.

CALENDAR.

Bill to construct a railroad through the counties of Granville, Person, Rockingham, Caswell and Stokes, was taken up.

This created quite a lively discussion, during which much confusion prevailed.

Pending any definite action, the House, on motion, adjourned until 7½ o'clock.

CASH RATES!
CASH POLICIES!
CASH DIVIDENDS!

DIVIDENDS PAID ANNUALLY, COMMENCING AT THE END OF THE YEAR.

Dividends may be used to reduce the annual Premium or increase the Cash value of the Policy.

NON-FORFEITING CASH PLAN.

The Ætna issues Policies on the various forms of whole life and endowment insurance, with dividends on the contribution plan, which may be applied to the reduction of each annual premium after the first, or the full premium may be paid each year and the dividends applied to reduce the number of annual premiums, together with the period fixed for the maturity of the insurance, so that endowments can be paid to the insured before the time originally specified, and life-policies before death.

By this plan of applying the dividends to lessen the cost of the insurance on the original policy, instead of increasing the amount of insurance, and of course its total cost, and the policies will become self-sustaining much sooner than in other companies; and in case of inability to continue payments, give a larger paid-up-policy.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may, at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case, when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and paid in cash, and upon surrender of said Policy the sum insured thereby will be paid in *full*, without regard to the time fixed therein for its payment.

The system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

The New York *Insurance Monitor* says of the Ætna:

"No Life Insurance Company ever achieved so complete a success as this popular institution.—Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."

Ayer's Sarsaparilla,
FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are of a truly marvellous character. Inveterate cases of scrofula, where the system seemed utterly given up to corruption, have yielded to this compound of anti-strumous virtues. Disorders of a scrofulous type, and affections which are merely aggravated by the presence of scrofulous matter, have been radically cured in such numerous instances, in every settlement in the country, that the public do not need to be informed here that it is in most cases a specific and absolute remedy.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver. These facts make the occasional use of the *Sarsaparilla* as a preventive, advisable.

It is a mistake to suppose that so long as no eruptions or humors appear, there need be no scrofulous taint. These forms of derangement may never occur, and yet the vital fluids of the body be so reduced by its subtle agency, as materially to impair the health and shorten the duration of life. It is a common error, also, that scrofula is strictly hereditary. It does, indeed, descend from parent to child, but is also engendered in persons born of pure blood. Low living, indigestion, foul air, licentious habits, uncleanliness, and the depressing vices generally, produce it. Weakly constitutions, wherein, fortified by the most constant and judicious care, are peculiarly liable to it. Yet the robust, also, whose turbid blood swells the veins with an apparently exuberant vitality, are often contaminated, and on the road to its consequences. Indeed, no class or condition can depend on immunity from it, nor feel insensible to the importance of an effectual remedy.

In *St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Ears and Eyes*, and other eruptive or visible forms of the diseases caused primarily by the scrofulous infection, the *Sarsaparilla* is so efficient as to be indispensable. And in the more concealed forms, as in *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and other affections of the muscular and nervous systems, the *Sarsaparilla*, through its purifying power, removes the cause of the disorder and produces astonishing cures.

The sarsaparilla root of the tropics does not by itself achieve these results. It is aided by the extracts combined with it, of still greater power. So potent is this union of healing virtues, *Syphilis* or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing those obstinate maladies by any medicine. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases* in general, are commonly soon relieved and ultimately cured by the invigorating and purifying effect of our *Sarsaparilla*. *Rheumatism* and *Gout*, often dependent on the accumulations of extraneous matters in the blood, have their remedy also in this medicine. For *Liver Complaints*, torpidity, inflammation, abscess, etc., caused by rankling poisons in the blood, we unhesitatingly recommend the *Sarsaparilla*.

This medicine restores health and vigor where no specific disease can be distinguished. Its restorative power is soon felt by those who are *Languid, Listless, Despondent, Sleepless*, and filled with *Nervous Apprehensions or Fears*, or who are troubled with any other of those affections symptomatic of weakness. Many, after taking it for *General Debility*, have written us of the youthful vigor imparted to their nervous system, which seemed buoyant with that prolific life they thought had departed on the advance of age. Others, whose fountains of life were always sterile, acknowledge their obligations to it for an obvious change.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

SYNOPSIS of STATEMENT FOR 1868, OF THE CONNECTICUT MUTUAL LIFE INSURANCE COMPANY.

Income from Premiums,	$7 161,804 11
Income from Interest,	1,584,908 49
Total Income for the year,	8,746,338 89
Losses paid,	1 231,326 00
Dividends paid,	939,284 00
Total Losses paid to date,	8,076,982 00
Total Dividends paid to date,	2,197,3.4 00

It will be seen from the above that the income FROM INTEREST ALONE greatly exceeds the losses, and that the TOTAL INCOME FOR ONE YEAR is more than the TOTAL LOSSES PAID TO DATE.

The Assets of the Company are now over TWENTY-THREE MILLIONS OF DOLLARS, and with its IMMENSE INCOME, offers greater inducements to those insuring than any other Company in the country. In addition to the par-credit system of premiums with dividends annually payable after four years, it issues Policies upon a reduced all-cash premium, with immediate annual payments. It can be plainly seen that the Connecticut Mutual Life has been doing a safe and increasing business for the last twenty-two years. It does not deem it necessary to make grand promises of what they INTEND doing, but will assure persons on any plan most desirable, and it makes all its policies non-forfeitable, for a stated amount, after two or three payments. Also remember, this Company has $126 Assets securely invested, for every $100 of its Liabilities.

LEGISLATIVE COURTESIES.

The Senate is paying back the House for its action last week, when serious complaints were indulged in as to the arrogance of the Senate. To-day, the resolution of the House, proposing to adjourn *sine die* on the 29th inst. came up in the Senate, when that body referred it to the Committee on Propositions and Grievances.—Pretty good for the Senate.

THE CAROLINA IMMIGRATION COMPANY.

We publish to-day the call of the Secretary for the 1st Annual Meeting of the Carolina Immigration Association to be held in Goldsboro, on Friday April 2nd. The object is to promote immigration and is most laudable. Every true North Carolinian is interested in all such schemes that are calculated to promote the welfare of our people. We hope the meeting will be well attended and profitable. The Wilmington and Weldon Road will grant free tickets on the occasion. We hope the other Roads will do likewise.

NEW STAY LAW.

This important law, suspending the Code of Civil Procedure in certain cases, will be found on our first page.

Messrs. T. H. Burgess & Co., Produce Commission Merchants, of Baltimore, Md., are gentlemen of character and business qualifications. Mr. W. M. Waterbury, formerly of Fayetteville, N. C., is now making a business tour through our State. We refer the reader to their card, and to city and State references. We copy some of their directions for packing and shipping truck to market:

DIRECTIONS FOR PACKING AND SHIPPING TRUCK.

Ship all Green Berries in crates made for the purpose; it is a saving, as they arrive in good order. Ship Tomatoes, Peaches, Pears and Quinces, in bushel slat boxes. Ship all other Fruits and Vegetables in Flour or other barrels, with bagging top, and inch augur holes in sides and bottom of barrels. Fill barrels full as possible before covering, to prevent too much settling, and have contents uniform—not topped off for show; it injures sales; and that brand is avoided by buyers after first purchase. Mark packages plainly on top and side, and also put owners' *initials* in corner, and where from. Send Bill of Lading by mail immediately on shipping, and state whether freight is prepaid or not; also give instructions as to how returns are to be made.

Peach and Tomato boxes, suitable for this market, should be made to hold one bushel—the outside dimensions of which are as follows: Length 24 inches; width 13 inches; depth 9½ inches. The ends and middle division piece should be made of ⅞ inch stuff, and sides, top and bottom of ½ inch slats. Finish off neatly, and mark on both ends. Our rate of commission on all Truck is 5 per cent. on gross sales."

THE WHITE FAWN.

We copy the following notice of the White Fawn which is to be performed at Tucker Hall on Thursday evening, from an Atlanta paper:

Davis' Theatre was crowded last night by a large and fashionable audience, all eager to see the "White Fawn." We have heard much of this celebrated play, but we, and we do not think the audience, was quite prepared for the metropolitan manner in which the manager, Mr. B. F. Whitman, puts it on the stage.

Everything was so grand, in comparison with the representations we ordinarily have in this city, that one could hardly look upon it and realize that he was still in Atlanta. The scenery and machinery are gotten up at an immense expense. Everything is of the most gorgeous character.—The scenes are magnificent, and, with the costumes of the actors, reminds one of old, stories of princes and fairies, witches and "tales of enchantment." We do not suppose that there is another such travelling exhibition in existence. Few men would have the nerve to take metropolitan style in amusements into provincial towns.

Mr. Whitman has, however, and he does so in a manner that deserves the praise at the hands of the public. The people of Atlanta are certainly indebted to him for a very rare entertainment—a marvelously beautiful and highly artistic one. Every thing connected with it conveys a high art sentiment, and those who look upon it cannot restrain the feeling that what they see before them is but the achievement of the handmaid of nature, which adorns whatever she touches and purifies with her essence of beauty. We again say that the people owe Mr. Whitman thanks for the exhibition of the White Fawn.

BIG HAUL.—The revenue officer made a raid in the Whitesides Settlement, resulting in the capture of a large number of stills. A wagon load appeared on our streets Saturday, fresh from the seats of despoliation.—*Western Vindicator.*

For the Sentinel.

FAYETTEVILLE, N. C., March 14, 1869.

MR. EDITOR:—Reading the journalistic reports of and comments upon the machinery and *animus* of our present Southern State governments, (without including the great Federal head which looms up at Washington—a very insatiate sphinx demanding perpetual tribute from a bankrupt nation—the main spring of Radicalism, the very fount of corruption,) one is consoled only by the reflection that in so far as the political condition of the reconstructed South is concerned, we are passing through a probatory state in some degree abnormal; for while I am, by no means, sanguine or hopeful, that this or the coming generation will behold us freed of the incubus of Radical rule, I have little doubt, judging from the past of every intelligent and enlightened people, that the masses of both parties in North Carolina, stung to desperate indignation by an accumulation of wrongs at the hands of a treacherous Executive, a besotted Legislature, and a degraded, corrupted Judiciary, will demand, in a manner which a united people know so well how to render effectual, some moderation and dignity in the enactment of laws, and some integrity and justice in the administration of them.

And I know of no better plan which the honest and patriotic citizens of the State can adopt to bring about this "consummation, devoutly to be wished," than a steady and unwavering determination to ferret out, expose and rebuke the shameful iniquities of the "powers that be." Yes, if "Gov." Holden is filling his pockets with the hard earnings of North Carolinians, impoverished by the war, which he voted to bring upon them, and into which he induced them to cast their lives and fortunes, let the people know it; if the Judge upon the bench has become a debauched knave, spitting poison on the law, violating his sacred oath, and stultifying himself, let the people know it; if the State House has become a gambling nest and a rogues' den, where Yankee interlopers, renegade natives, and negroes assemble to steal, and lie, let the people know it. Be assured that there are more honest men than villains even in our own God forsaken country, and the task, smartly applied, will succeed in the end in arousing men to a sensible judgment of the impostors who now control, rule and ruin them. And allow me to say that in nothing am I better pleased than in the manly and courageous course of the *Sentinel*, in unearthing these sinking moles who are now indeavoring to undermine and destroy every substantial and important interest of the State. We want less of the *suaviter in modo*, and more of the *fortiter in re*, on the part of press and speakers.

The time was in the history of this Republic that in the passage of a law but one question was considered: Is it for the greatest good to the greatest number? Will its execution be productive of benefit to those most nearly and vitally interested? Men sworn to protect the interests of the country, and serve the common weal, reasoned in that wise and spoke to that effect. But our new fledged statesmen—wooly heads, downeast sap locks, and clodhoppers to the manor born—propound unto themselves these all absorbing queries and considerations: Will the Governor pay literally *in* this measure out of his private stealings and profits?—Will Littlefield "come down handsome" for the successful manœuvring of the job? Which side is best able to offer a round sum for a convenient voter just in the nick of time? The above is no exaggeration of the facts—no injustice to the Hon. the General Assembly—but literally and strictly true. Witness the Bribery Committee, which run Generals, Judges and women adventurers out of the State. Witness the stupendous fraud of the Penitentiary, which was brought to light at last, and lay under the majestic shadows of the State Capitol, exposed to the gaze of tax payers and voters—the foul progeny of fraud and avarice—until the very scoundrels who begat it turned away and disowned it, and one would have thought that the Executive and his subordinates would have sneaked away and hid themselves from the eyes of honest men and the light of God's sun. Witness scores of new officers saddled with big salaries, to support vagabonds from other States. Witness a multitude of new and absurd laws, to drain the people, mock at equity and justice, and aggravate a blind and turbulent faction.

I am sick to death of talking, hearing and thinking about that conglomeration of illiterate and wicked men, for the privilege of reading whose wranglings and daily malfeasance of the duties which they have taken on themselves, North Carolina pays about $1,500 *per diem*; therefore, let us come out into clear water again.

Trade in Fayetteville, though somewhat dull now, has been fair since the opening of this year. Naval stores and cotton, for which staples I verily believe this town to be the best market for the seller in the South, have commanded good prices. But the supply, especially of spirits, has been limited. Speculators at the North, who predicate on very large quantities of rosin and spirits, will be undeceived before another season is ended. The material is not in this section, I know, nor are the producers. The indications are that a great deal of land will be planted in cotton this year. Planters saved themselves on the last crop, and had a balance. This fact will, I hope, beneficially effect every branch of our trade. With the taxes coming upon us this year, we will need every help, heaven knows.

The effect of the $2,000,000 appropriation to our Western Railroad, I can, I imagine, already observe. Property is worth something more, and real estate will bring a better price, if thrown upon the market to day, than it would have done three months since. Who ever may be said of the correctness of the judgment of your people in this matter, it is certain that they are beginning to feel better, and to look forward to the future with some aim and object, for their long long dream of having a railroad going somewhere, seems to be realized.

CHARLES' LONDON CORDIAL GIN,

Or Pure Liquor of Juniper Berries.

This favorite brand of Pure London Cordial Gin, has stood the test of time, imitation, piracy, high tariffs and unfair competition, and still enjoys a constantly increasing sale; showing that true merit does not always go unappreciated.

CHARLES' LONDON CORDIAL GIN

is offered to the public as a perfectly reliable specific in all cases of DISEASED BLADDER and KIDNEYS. It acts directly on these organs, with a directness and speediness which renders it invaluable to persons suffering from GRAVEL, DIABETES INFLAMED BLADDER, scanty and highly colored urine, and in all cases where, from whatever cause, a healthful diuretic is required.

Ladies subject to painful menstruation, can by the use of Cordial Gin a few days previous to and during illness, obtain great relief. In such instances it should be taken with sugar and warm water.

As a tonic and beverage this Gin is unequaled as it possesses none of the headache properties to be found in those poisons, now so frequently sold under the names of Gin, Brandy, Whiskey, &c.

MR. STEWART AS GEORGE PEABODY—AN IMMENSE HOTEL FOR WORKING WOMEN TO BE ERECTED IN FOURTH AVENUE.—Mr. Stewart proposes to erect homes for the workingmen and women of New York, and already ground has been broken for the foundation of one of these institutions. It is to be erected on Fourth avenue between Thirty second and Thirty-third streets.—This spot has been cleared of all old buildings, and for a week past men have been at work digging out old stones and cellars preparatory to the work for the new structure. It contains twenty two lots, for which Mr. Stewart paid about $10,000 apiece two years ago, and extends the whole distance between Thirty second and Thirty-third streets—193 feet, running back 205 feet.

On this square a magnificent building is to be raised, iron, fire-proof, seven stories high, and architecturally finer than any other structure in the city.

This will be the working women's hotel. Here sewing girls, feminine clerks, hard-working women of every trade, are to be provided with board and room for the smallest possible sum, and the house is to be managed in the best manner. The ground floor may be let out for stores, the proceeds to be applied to the building of other similar institutions. The entire cost of the hotel will be about $3,000,000. The edifice will not be completed in less than two years. It is understood that Mr. Stewart also proposes to put up, in time, a workingmen's hotel on the same plan.—*N. Y. Sun.*

LIFE INSURANCE

NATIONAL

LIFE INSURANCE COMPANY,
OF THE
UNITED STATES OF AMERICA.
WASHINGTON, D. C.

Chartered by Special Act of Congress, Approved July 25th, 1868.

CASH CAPITAL,
$1,000,000,
PAID IN FULL.

This Company, National in its character, offers, by reason of its large capital, low rates of Premium, and New Tables, the most desirable means of insuring life yet presented to the public.

The rates of premium being largely reduced, are made as favorable to the insurers as those of the best Mutual Companies, and avoid all the complications and uncertainties of Notes, Dividends and the misunderstandings which the latter are so apt to cause the Policy-holder.

Several new and attractive tables are now presented, which need only to be understood to prove acceptable to the public, such as the INCOME-PRODUCING POLICY and RETURN PREMIUM POLICY. In the former, the policy-holder not only secures a life insurance, payable at death, but will receive, if living, after a period of a few years, an ANNUAL INCOME equal to ten per cent. (10 per cent) of the par of his policy. In the latter the Company agrees to return to the assured the total amount of money he has paid in, in addition to the amount of his policy.

The organization of this Company on the LOW RATE, CASH PLAN, with new features and unequaled security, has evoked the most remarkable opposition from older and rival Companies, by means, fair and unfair, they have sought to injure the new system, and have attacked it with a degree of virulence unknown in the history of Life Insurance.

Not satisfied with the immense sums of money paid Insurers and other journals, to try and check the rapid progress of the National, an unsuccessful motion was made in Congress to repeal its charter, and of which not accelerated its speed for since then the largest policies issued has been to members of Congress, whose attention has been attracted to the insurance advantages. In the face of this opposition, the work of the Company has gone steadily forward, and it is with no little satisfaction that the GENERAL AGENTS are able to state that the business to date is far in advance of anything hitherto accomplished.

In Six Months 3,000 Policies have Been Issued.

INSURING, IN ROUND NUMBERS,
$10,000,000.

The attention of persons contemplating insuring their lives, or increasing the amount of insurance they already have is called to the special advantages offered by the National Life Insurance Co.

CAUTION! WE desire to warn the consumers in, and on the eve of South generally, that since the war, certain Tobacco Manufacturers, being unable to find a market for their snuffs, felt themselves obliged to counterfeit the general appearance of our packages and imitate our Trade Marks so that a close inspection is necessary to detect the spurious article from the genuine, and others going so far as to assert that "Lorillard's snuff is no longer made."

In making this publication we desire to warn the public against the impositions practiced upon them, as they are the losers thereby. It will be found, upon comparison, that Lorillard's snuff is "far ahead" of all others being made of the best stock, after an original and secret process known only to ourselves, besides possessing great age, strength and pungency, and is warranted not to contain any dangerous or deleterious substances, which cannot be said of many worthless articles put on sale by others. The best is the cheapest in the end. A circular will always be mailed on application. In ordering please specify if Salt Snuff (High Toast,) or Fresh Snuff (Extra Scotch) is desired.

NEW ARRANGEMENT.

The RALEIGH SENTINEL having passed under the Editorial management of the undersigned, it will, from the present date, be conducted by him.

It will be the zealous and fearless advocate of the CONSTITUTION of the United States, seeking to bring the people back to their ancient reverence for that immortal instrument, and to restore the policy of the country to that honored standard, as the only guarantee of National prosperity.

It will do justice to the men and measures of the present day, whenever they may merit it, but it will unsparingly lash and denounce all who set themselves up in opposition to the Federal Constitution, and hold up to the public indignation corruption and imbecility in high places.

It will ardently seek the promotion of the best interests of North Carolina,—moral, educational, material and political.

THE LATEST NEWS

From every quarter, both by mail and telegraph will be carefully collated and presented.

Full and correct market and financial reports will be given.

NEW METHOD OF WASHING CLOTHES
WITHOUT LABOR.
THE AUTOMATIC
CLOTHES WASHER AND BOILER.

THIS BOILER IS MOST EFFECTUAL, reliable and universally recommended. At once, and on any score of thought, as any maker, and the low Price of the article places it within the reach of every family.

This Boiler operates upon purely philosophical principles, is self-acting, and dispenses with labor and the wear of the clothes.

The hot fluid and steam, by the action of heat, are driven up through tubes, poured upon the clothes, and forced through the fabric with astonishing rapidity, cleansing all stains, from the coarse lines to the finest. For flannels it is invaluable, as it does not fill them as in the old process of rubbing and pressing.

The time required for cleansing a boiler full of clothes is twenty to thirty minutes, and nearly three hundred pounds of cotton goods are forced through the boiler, thoroughly washing and effectually the dirt WITHOUT LABOR or friction.—A thorough rinsing finishes the process.

Washing day will no longer be a terror and dread to housewives. The cost of the Boiler will soon be returned in the SAVING OF TIME AND LABOR, also the great saving in the wear of clothes.

The great value of this invention appears so clear, and appears so directly to common sense, that we have deemed it unnecessary to accompany its introduction with numerous letters of approval, &c.

So invention has met with such ready sale, or given such satisfaction. Call at LOCKE & ALEXANDER'S, and see its wonderful operations.—We have the exclusive right to sell and manufacture in the State.
